Professional Summary

Angular Developer with **3.9 years of experience** in designing, developing, and deploying **high-performance Single-Page Applications (SPAs)**. Proficient in **HTML5, CSS3, JavaScript, TypeScript, and Angular frameworks**. Skilled in creating **user-centric interfaces**, building **scalable frontend architectures**, and integrating **RESTful APIs**. Experienced in **Agile (Scrum)** methodologies, **performance optimization**, and collaborating with cross-functional teams to deliver innovative solutions.

Technical Skills

Frontend Technologies: Angular, TypeScript, JavaScript (ES6+), HTML5, CSS3, RxJS, Angular Material, Bootstrap.

Tools: Angular CLI, Git, NPM, Visual Studio Code, Postman.

Methodologies: Agile (Scrum), CI/CD, Responsive Design.

Soft Skills: Problem-solving, Critical Thinking, Team Collaboration, Communication, Adaptability.

Professional Experience

Infosys Limited | Senior System Engineer

February 2022 – Present

Project: Te Whatu Ora | New Zealand Health Government

When a critical health condition arises or there are health related issues, the organizations will be ready to resolve those issues. We are developing a software to enable the organizations that have been contracted to resolve those related issues for sudden health related issues. In that software we are creating bulk contract to organising to sort-out issue.

Project: Leancard Aliean | AT&T Inc.

A lencard represents a project within an issue-tracking software. It provides a centralized platform for tracking, prioritizing, assigning, and resolving issues efficiently. A lencard is a tool that allows agents to manage various cases and track their progress during the resolution process, from beginning to end.

- ✓ Developed and maintained **high-performance Single-Page Applications (SPAs)** using **Angular**, ensuring **modularity, scalability, and maintainability**.
- ✓ Collaborated with **UI/UX designers** to translate wireframes into **responsive and interactive Angular components**.
- ✓ Designed and implemented **frontend architecture**, including custom **Angular components, directives, and services**.
- ✓ Integrated **third-party libraries** like **Angular Material** and **Bootstrap** to accelerate development and maintain design consistency.
- ✓ Implemented **client-side form validation** using **Angular Reactive Forms** to ensure data integrity.
- ✓ Utilized **Angular HTTP Client** for seamless communication with **backend RESTful APIs**.
- ✓ Implemented **Angular Router** for efficient navigation between application sections.
- ✓ Optimized application performance, reducing **page load times** and improving **responsiveness**.

Nvidia Graphics | Process Executive (Internship)

June 2021 – February 2022

- ✓ Designed and developed **visually appealing, user-friendly interfaces** using **HTML, CSS, and JavaScript**.
- ✓ Translated **wireframes** into **responsive web pages**, ensuring **cross-browser compatibility**.
- ✓ Developed **reusable components** and **layout structures** to maintain consistency across the application.
- ✓ Applied **CSS styles** and **themes** to enhance the visual presentation of the user interface.
- ✓ Implemented **responsive design principles** to optimize web pages for various devices and screen sizes.

Education

Bachelor of Engineering | Sinhgad Institute, Pune | 2020

Certifications

- ✓ Infosys Certified Front End Web Developer
 - ✓ Infosys Certified Angular Professional
 - ✓ Teamwork Skills & Communication Strategies by Coursera
 - ✓ Infosys Certified Professional-Generative AI for All
 - ✓ EdgeVerve AI next Associate
-

Achievements

- Successfully implemented **performance optimization strategies** in Angular projects, reducing page load times by **30%** and improving application responsiveness.
 - Recognized for delivering high-quality frontend solutions within tight deadlines, contributing to **client satisfaction** and **project success**.
-

Declaration

I hereby declare that the information provided above is true to the best of my knowledge.
